Workshop for CESR champions

A workshop for CESR champions
Organised by Stockport NHS Foundation Trust

24 September, 6 October, 23 November 2021
and 21 January 2022 | 10am–4pm

9.30 registration

Virtual online delivery using RCP teaching platform

5 CPD
credits

This 1-day workshop is an advanced mentoring course providing tailored support to SAS doctors taking the CESR route.

Objectives of the workshop

- > define the CESR pathway and common issues that may arise
- > explore the wider social and workplace challenges that doctors undertaking the CESR route can face
- > consider the skills and qualities of an effective mentor for the CESR route
- > outline the basic principles of a successful mentoring relationship
- > reflect on your own personal development needs as a mentor
- > develop a network opportunity for mentors and facilitate next steps planning
- > identify GMC CESR sub-specialty challenges.

Who should attend?

This workshop is exclusive to CESR champions, SAS tutors /leads or SAS sub-specialty leads supporting CESR doctors from HEENW.
